

Atomic Number and Mass Number

Name :

Grade : 7/

Date : 13/10/2020

Q1. Count the number of protons

Q2. Observe the diagram and answer the questions.

atomic number = number of protons

Question #1

What is the **atomic number** of carbon?

Question #2

What is the **atomic number** of oxygen?

Q3. Observe the diagram and answer the questions.

mass number = number of protons + number of neutrons

Question #1

What is the **mass number** of carbon?

Question #2

What is the **mass number** of oxygen?
