Q1. Half a circle is called a ……………

  (I) Sphere

  (II) Semi circle

Q2. The distance around the circle is known as…………

 (I) Circumference

 (II) Area

Q3.The distance between the centre and a point on the circle is called…………

(I) Diameter

(II) Radius

Q4If the radius is 4.5 cm, the diameter is …………..

(I) 9 cm

(II) 8 cm

Q5. When the diameter is 10.8 cm, the radius is …………..

(I) 5cm

(II) 5.4 Cm

Q6.All the radii of a circle are equal in length ………… .

(I) True

(II) False

Q7.Circle is a

(I) Closed firgure

(II) open figure
