**This is Kim. She is a student from a school in which she does not have to wear a uniform, but she would love to! In the following paragraph, she describes what her ideal uniform would be.**

“If I could choose my school uniform I would wear a grey dress. Dresses are very practical and I do not like wearing light colors, I think they can be distracting for students. The dress would be made of cotton because it is very light and it is the best material to use in hot weather. I would like to use a red neckerchief since I love the way it looks and the color matches my purple backpack. Finally, I would definitely wear black shoes as they are very modest and they look awesome with white socks!”
