During week, I had to spend a great deal of / much<sup>4.</sup> time studying. I didn't have many / much<sup>5.</sup> spare hours, so I couldn't do anything but hit the books. I did have some / any<sup>6.</sup> time to visit tourist attractions on the weekends, though. I lived in an apartment with any / several<sup>7.</sup> other students who were also at the university. We would study together almost all / every<sup>8.</sup> evening. We had a little / little<sup>9.</sup> trouble getting along with each other because everyone was friendly. In fact, the amount / number<sup>10.</sup> of friendships I made during the year was amazing. It was really a wonderful year.
