

APLICO LO APRENDIDO

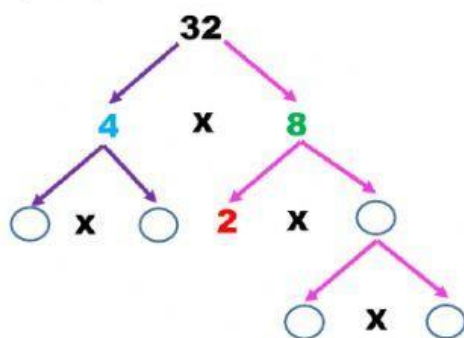

¡Vamos tú puedes, empieza ahora !

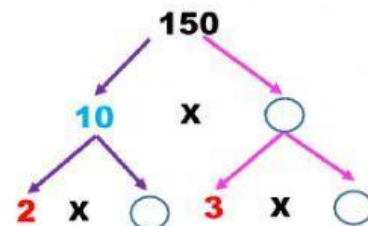

1. Descomponer los siguientes números en factores primos.

50 50 = ○ × ○ × ○	22 22 = ○ × ○
---	---

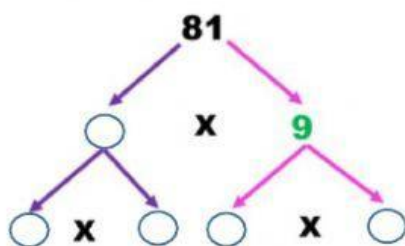

2. Descomponer en sus factores primos a través del diagrama del árbol.

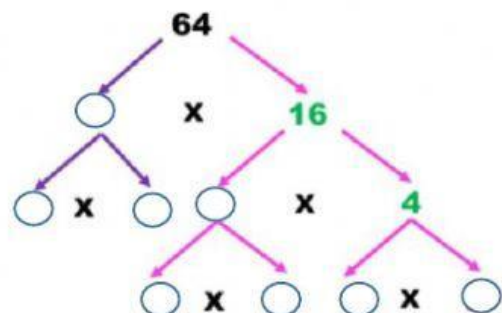

$$32 = \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○}$$

$$150 = \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○}$$

$$81 = \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○}$$

$$64 = \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○} \times \text{○}$$
