

Take apart an addend to solve

1. $27 + 15 =$

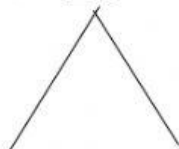

$27 + \underline{\quad} + \underline{\quad} =$

$\underline{\quad} + \underline{\quad} = \underline{\quad}$

So, $27 + 15 = \underline{\quad}$

2. $35 + 18 =$

$35 + \underline{\quad} + \underline{\quad} = \underline{\quad}$

$\underline{\quad} + \underline{\quad} = \underline{\quad}$

So, $35 + 18 = \underline{\quad}$
