

¿ENTRE QUE DECENAS ESTÁ?

Escribe entre que dos decenas exactas (10, 20, 30, 40, 50, 60, 70, 80, 90) se encuentran estos números.

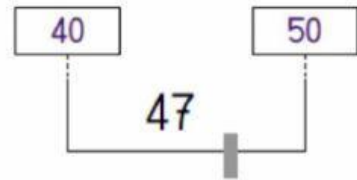

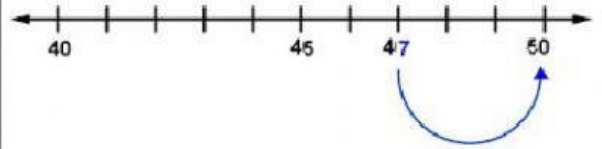

Diagram showing two boxes connected by a horizontal line with the number 66 in the center.

A diagram of a 2-to-1 multiplexer. It has two input boxes at the top, labeled 32 and 33, and one output box at the bottom labeled 34. The inputs are connected to the output via a central vertical line.

A diagram showing a number line with two empty boxes above it. The number 72 is written on the line between the two boxes.

19

Diagram 21: A diagram showing two rectangular boxes, one on the left and one on the right. A vertical line extends downwards from the bottom center of the left box. A vertical line extends downwards from the bottom center of the right box. The number 21 is positioned between the two boxes, centered vertically relative to the space between them.

24

A diagram consisting of two empty rectangular boxes at the top, connected by a vertical line to the number 88 below them.

57

91

Diagram illustrating a number line with two empty boxes above it, representing a range or interval. The number 55 is written below the line between the two boxes.
