

Choose 1 location from the story that the koala family visited and research it.

1. Find the location on a map and see if you can discover what makes that location special.
2. See if there is an Aboriginal story about that location and if so what the story is.
3. Decide if the koala family would actually be able to live in that location - why or why not?
4. Discuss whether you would like to live in that location - why or why not?
