() casada.

g) A tia de Richard

() não tem filhos.

() tem dois filhos.

() tem três filhos.

AFTER LISTENING

5. Leia o poema abaixo para responder as questões que seguem.

What is a family?
Who is a family?
One and another makes two is a family!
Baby and father and mother: a family!
Parents and sister and brother: a family!

All kinds of people can make up a family
All kinds of mixtures can make up a family

What is a family?
Who is a family?
The children that lived in a shoe is a family!
A pair like a kanga and roo is a family!
A calf and a cow that go moo is a family!

All kinds of creatures can make up a family
All kinds of numbers can make up a family

What is a family?
Who is a family?
Either a lot or a few is a family;
But whether there's ten or there's
two in your family,
All of your family plus you is a family!

From: HOBBERMAN, Mary Ann. *Fathers, Mothers, Sisters, Brothers: a collection of family poems*. New York: Hachette Book Group Inc., 2001, p. 3.

a) Marque a única ideia que não está de acordo com o poema.

- () Two people can constitute a family.
- () A man and a woman without children can constitute a family.
- () Different types of people can constitute a family.
- () A group of people without a mother is not a family.

b) Relacione as imagens às estrofes do poema.

a. "One and another makes two is a family!" (line 3)

b. "Baby and father and mother: a family!" (line 4)

c. "Parents and sister and brother: a family!" (line 5)

d. "A pair like a kanga and roo is a family!" (line 11)

e. "A calf and a cow that go moo is a family!" (line 12)
