Idioms

Idioms are phrases that mean something different than what the words say.

example: **Kurt is coughing and sneezing.**
He is feeling <u>under the weather</u>.

Of course, this phrase has nothing to do with the weather outside. The idiom *under the weather* is an idiom that means *feeling sick*.

Complete each idiom. If you're not sure of the correct answer, make your best guess.

1. Kevin didn't finish his homework.
