

Module 1

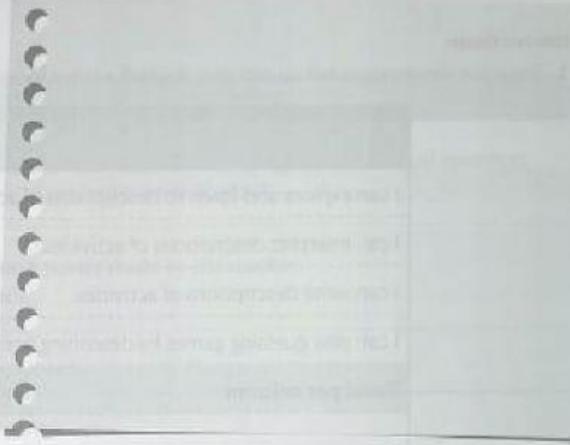

Test

Name: _____

Date: _____ Group: _____

1 Read the following description and make a drawing that represents the activity. 2 pts.

I love this activity! In my city, we can practice it all year long at the ice rink. It is a very fun activity but you need to practice a lot to master it. You need to learn how to make turns, how to spin around in only one place, and other tricks such as different kinds of jumps. You only need a pair of ice-skates and comfortable clothes, but if you want to compete in this sport, you need to wear a special costume, depending on the type of music you will use in your routine.

2 Answer the following questions based on the description in Activity 1. 4 pts.

a. Where does the writer practice this activity?

b. When can you practice this activity in the writer's city?

c. What do you need to do to become good at this activity according to the writer?

d. What do you need to do if you want to compete in this sport?

3 Write a description of an activity you like. Do not include the name of the activity. 4 pts.

Total score: / 10
