Reading Comprehension

Cats

Read the following passage and then answer the questions.

Cats are small, tame, furry animals that are often kept as pets and farm animals. There are over 30 different kinds of cats. They have different body shapes and sizes, colouring, fur length, eye color, tail length, voice and temperament. House cats do not like swimming. Cats like to eat meat and will kill and eat small mammals, birds, fish, frogs, lizards, and snakes. Cats started living with people over 7,000 years ago and still live with us today.

Answer the following questions in complete sentences

1. Cats are kept as?

2. Cats do not like?

3. How many kinds of cats are there?

4. Cats like to eat?

5. Write three words used to describe cats.

6. When did cats started living with people?

7. Name three animals that cats kill and eat that were mentioned in the passage.
