

**YOU CAN MAKE A DIFFERENCE!**

How can you make a difference to the world?

You can 1 asve energy!

1. Turn off the lights when you leave a 2 orom.
2. When you make hot drinks, just boil the water you need. In a 3 ewek you can save enough energy to light your house for a 4 yda.
3. Run the washing machine at 40° Celsius, not 60° Celsius, and use a 5 trihd less energy.
4. Turn down the heat in your house by 1° Celsius – it will cost 10% 6 esls!
5. Unplug your TV, radio, or DVD player from the wall 7 ockset. When you leave them plugged in, they use 10-60% more electricity.
6. Walk, bicycle, or take the bus to school. Don't let your parents drive you – be 8 miplitoe and say "no"!
7. Buy local food, not fruits or vegetables from the other side of the 9 orwld.
8. Think before you fly. A New York to Paris round-trip 10 lifgth gives about 1,5 tons of CO₂ (a greenhouse gas) per passenger.
