

NO CONTROL ***ONE DIRECTION***

CHOOSE THE CORRECT OPTION!

Stained tea / coffee cup

Just a fingerprint of lipstick's not enough

Sleep / Step, where you lay

Still a trace of innocence on the pillow / yellow case

CHORUS:

Waking up / down

Behind / Beside you, I'm my loaded gun

I can't / can contain this anymore

I'm all yours, I've / 've not got no control

No control

Powerless

And I don't / won't care, it's obvious

I just can't get enough of Lou / you

The pedal's up / down, my eyes are closed / opened

No control

Got the taste on my lips / tongue

I don't want to wash away the night after / before

And the heat where you laid

I could stay right here / there and burn in it all day

REPEAT CORUS :)

Lost my surface / senses,

I'm defenseless, her perfume's holding me ransom

Sweet and sour, heart / hair devoured,

lying here I count the hours / minutes
