

Part 1: Which Words Tell You To Add?

Color the correct words or phrase

|                |                   |              |                 |
|----------------|-------------------|--------------|-----------------|
| Increase       | <i>Difference</i> | <b>Minus</b> | <b>Together</b> |
| More           | Sum               | <i>How</i>   | <b>Total</b>    |
| <i>Product</i> | <b>Quotient</b>   | And          | How many        |
| <b>In All</b>  | Share             | Altogether   | <i>Had</i>      |

Part 2: Solve these word problems

1. Find the sum of 67, 4598 and 195. \_\_\_\_\_
