Hi Stephen,

My exams are over at last! They were (1) _____ difficult that I didn't think I'd pass. I did though, and now I'm a doctor! I hope you're coming to my party on Saturday. It should be (2) _____ good. I can't believe that (3) _____ many of my friends are coming. In fact, Tony thinks that there'll be (4) _____ many people and that we won't have (5) _____ food and drink for everybody. I don't think that'll happen. I've prepared (6) _____ a lot of food that I have (7) _____ to feed an army! I was thinking of having the party in the garden but Tony says it'll be much (8) _____ cold outside. I suppose he's right. The weather changes (9) _____ quickly that it could even rain, couldn't it? By the way, Stephen, could you lend me some glasses? I don't have (10) _____ at home, I'm afraid. Please give me a call as soon as you can.

Love,
Anna
