

QUIZ MASTER

1. Read, listen and choose the correct option.

Who is the best quiz contestant in the country?

Last night Pat Gibson had a big party after winning *Mastermind* on BBC TV. But it was not his first celebration party. Last April Mr Gibson won £1 million in *Who Wants to Be a Millionaire?* By winning *Mastermind*, he became the first person in Britain to win both quizzes.

In the *Mastermind* final, Pat, a 43-year-old computer programmer who is obsessed with trivia, beat five other contestants, including a university lecturer. During the competition he answered questions on several specialist subjects, for example film director Quentin Tarantino and science fiction author Iain M Banks.

In *Who Wants to Be a Millionaire?* he got to the final question and still had the possibility of phoning a friend for help. He was sure that he knew the answer, but he phoned Mark Kerr, a friend, to double-check it. Mark was happy to help him – six weeks before, Pat helped Mark to win £250,000 on the same show as his phone-a-friend!
