Hart Forest Wildlife Park, Stoneborough

I visited this large wildlife **park** recently, and really enjoyed it. Their largest animals include a pack of wolves, a family of black bears and five lions. It was a sunny day when we visited, and the lions were resting in the (1) _____ of a large tree, so we didn't see much of them. But the wolves and bears were great. My favourites were the otters and water voles, who had a large river enclosure. The beavers were building a (2) _____ in the water, and the voles had a nest in the (3) _____ at the side of the river. Of course, the most exciting way to see animals is in the (4) _____, but the park's owners have made an excellent effort to create good copies of the animals' natural (5) _____.
I recommend this park as a great day out.
