## Math Worksheet

### Squared and cubed numbers.

Instructions: Match the squared and cubed numbers in column A with their values in column B by drawing a line to the correct answer. When you are complete press the finish button and send.

| <u>Column A</u> |        | <u>Column B</u> |
|-----------------|--------|-----------------|
| a.              | $7^2$  | 144             |
| b.              | $9^2$  | 1               |
| c.              | $12^2$ | 100             |
| d.              | $15^2$ | 8               |
| e.              | $10^2$ | 343             |
| f.              | $1^3$  | 49              |
| g.              | $2^3$  | 216             |
| h.              | $3^3$  | 225             |
| i.              | $6^3$  | 27              |
| j.              | $7^3$  | 81              |
