

Extreme weather!

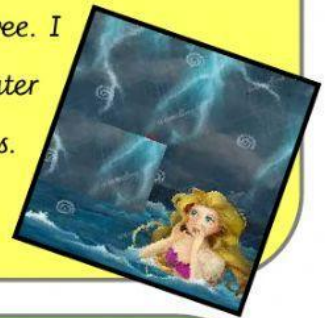

167

Read the texts about these children's experiences.

Hi, my name's **Anna** and I live in Scotland. Last winter, I was doing my homework when suddenly lightning flashed and a thunder storm broke out! I was very frightened! The lights went out and we didn't have any electricity, so my mum lit some candles. Some minutes later, we were playing some board games and having fun when one of the candles fell on my hand and burnt it! I shouted because I got scared but fortunately it was nothing serious!

Hi, my name is **Kate** and I live in the USA. Two weeks ago I had a terrible experience. My best friend and I went to the river to spend the day. We were having a great time when something terrible happened. We were swimming in the river when suddenly it started to rain heavily and an enormous wave came down the river. We couldn't go back to the shore so we tried to climb a tree. I was climbing the tree when I tripped over and fell into the water again! I was desperate! Luckily, a helicopter came and rescued us. I will never forget that terrible day!

Hi, my name is **Max** and I'm from Canada. Last January I was playing with my brother in the garden when suddenly the sky got dark and thunder clapped. We ran into the house and we were watching through the window when we saw a tornado coming towards our house! We got really scared so we ran to the cellar. We were waiting in the cellar when the house shook and we heard things flying through the air. We were terrified! When it finished, we went outside. We saw my brother's bed in the middle of the garden, and a cow on top of the house! The cow was fine, but a bit surprised!

A) Write T(true) or F (false). Underline the wrong information and correct it.

1) Anna was doing her homework when one of the candles fell on her hand and burnt it.

2) Kate had a terrible experience related to water.

3) Max was alone when he had a terrifying experience.

4) There was a tornado in the USA last January.

5) Anna likes playing board games.

B) Read the texts again and complete the chart with the missing information.

Drag and drop.

very frightened

two weeks ago

doing her homework
