

Expressing FREQUENCY

166

To express FREQUENCY we can use:

- **Adverbs of frequency** (always – usually – sometimes – rarely – never)
- Or **frequency expressions**, when we know the number of times we do something (once/twice/three times a day/week/month/a year).

POSITION in the SENTENCE:

★ Remember that **adverbs** of frequency go **after the Subject and before a main verb** (except with TO BE)

eg: "She never gets up early"

★ and expressions of frequency go **at the end of the sentence.**

eg: "She gets up early once a week."
