B2 GAP FILLING

TEST 4

MEMORY

Memory is at the (0)	of our sense of personal identity. If we did not
have memory, we would not be	(1) of our relationships with other
people and would have no (2)	that we had had any past at all. And
without memory we would have	no knowledge on which to (3) our
present and future.	
Memory (4) of thr	ee processes: registration, retention and recall.
Registration happens when we	consciously notice something. Retention is the
next (5), when we k	eep something we have noticed in our minds for
a certain period of time. Finally, r	recall occurs when we actively think about some
of these things that are (6)	in our minds.
Every day we are subjected to	a vast (7) of information. If we
remembered every (8)	thing we had ever seen or heard, life would
be imposible. Consequently, ou	r brains have learnt to register only what is of
importance.	

HOLIDAYS AT HOME

Official figures show that the number of people (0) internation	onal
fights is decreasing and that is (1) insignificant changes	to
holidaying habits.	
As the cost of air tickets increases, it appears that more and more families	are
choosing to (2) their summer holidays at home. People are	also
becoming more (3) of the harm that flying does to the environm	ent,
and see it as a way of helping to (4) the planet, too.	
For many parents a summer with no airport queues or overcrowded resorts in	nay
seem attractive, but the idea might well be less (5) with their teen	age
children, who are probably (6) to flying off to the Mediterranea	n or
Miami as son as school breaks up. So, the question is, how can young people	(7)
lots of fun when so much will be closed for the holidays, adn so m	any
of their friends are (8) to be away?	
The answer may lie a at the local sports centre. Nowadays, many cen	tres
organise summer activities aimed at young people (9) either	on
indoor or outdoor sports. These might range for instance, from playing to	able
tennis (10) to mountain-biking. As well as being healthy	and
ejoyable, taking part in activities like these is also an excellent way to	(11)
new friends. For the most popular activities, though, it is advise	able
to (12) early for a place - perhaps two or three months in advar	ice.
