

ST JOHN'S AMERICAN SCHOOL

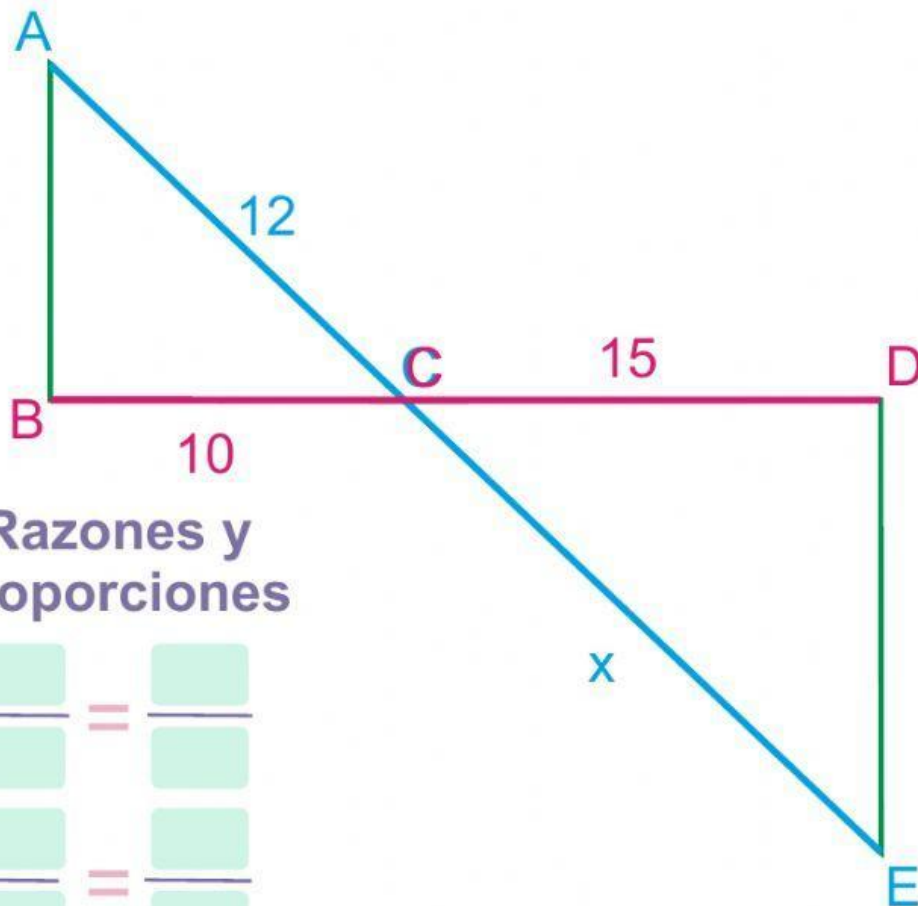

PRESCHOOL, ELEMENTARY & JUNIOR HIGH SCHOOL

Matemáticas III

Primer periodo

Actividad 1.7.- Aplicación de semejanza de triángulos.

Instrucciones: Completa los espacios en blanco.

Razones y proporciones

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square}$$

$$\frac{\square}{\square} = \frac{\square}{\square} \Rightarrow \frac{\square}{\square} = \frac{\square}{\square} \Rightarrow \frac{\square}{\square} = \frac{\square}{\square} \Rightarrow \frac{\square}{\square} = \frac{\square}{\square}$$
