

## SEASONS AND WEATHER

★ Complete the text with weather words.

Use the first letter to help you.

I'm from New York City, where the climate is very different in summer and winter. In winter it's always c<sup>old</sup> \_\_\_\_\_ and after Christmas it's usually <sup>1</sup>s \_\_\_\_\_ and <sup>2</sup>i \_\_\_\_\_ (from  $-12^{\circ}\text{C}$  to  $0^{\circ}\text{C}$ ). I like winter weather! Summer is very hot and humid, day and night. I don't like it! New York is quite <sup>3</sup>c \_\_\_\_\_ and <sup>4</sup>r \_\_\_\_\_ any time of the year – we've all got rain boots – but it's <sup>5</sup>s \_\_\_\_\_ 234 days of the year too. One problem is tropical storms. It's often <sup>6</sup>s \_\_\_\_\_ and <sup>7</sup>w \_\_\_\_\_ in autumn. Last year we even had tornados! And sometimes it's very <sup>8</sup>f \_\_\_\_\_ too, so you can't see the tall buildings.
