

From left to right: Zaja, Nai, Bodevan, Rellian, Kielyr and Vespyr

Task 1

I have put two interviews on the webpage of our class with the girls who play Zaja, Vespyr and Kielyr in the movie. Their real names are Shree Crooks, Annalise Basso and Samantha Isler. Watch the interviews, and afterwards write down three important things (=altogether nine things) that each one of the girls says in them. Start your sentences with "Shree says that…", "Annalise thinks that…", "Samantha tells us that…" and so on. Try to avoid writing the same sentences again and again.

Task 2

Imagine that you are one of Ben Cash's children and write a letter to "your" father in which you tell him honestly what you think about him. Tell him about all the good and the bad things that he has done, and tell him about your opinion on all these things. Give examples from the film.
