Robert, 11

My bedroom isn't my favourite room because there isn't a TV in it. We've got a big TV in the living room and a games console too. I like playing video games with my dad there, so it's my favourite place in the house. What about you?

Sandy, 10

My favourite place isn't in the house because it's the garden in front of the house. It's big, and it's great to play games there when it's sunny and warm.

Ellen, 12

We haven't got a big house, but it's still very nice. For me, the kitchen is the number one room because I love cooking! But I don't like my bedroom much, maybe because it isn't only my room, but also my sister's.
