# November 17 Level 2 Math Problem

Click on the stars.
The stars show where the parade starts and ends.

Count the landmarks on this map.		
9	12	2

How many blocks will the floats have to travel?

$$\begin{array}{r} 7\,7 \\ -\ 5\,4 \\ \hline \end{array}$$

[　　] + 2 + 1 = [　　]

(the 2 extra blocks across 59th)   (the 1 extra blocks across 34th)

26 blocks	17 blocks	9 blocks

Which direction is the parade moving?		
north	west	south
