

 **Try This!** Describe a pattern. Then complete the table.

10) The campers need 5 packs of batteries. If there are 8 batteries in each pack, how many batteries will be in 5 packs?

 10

Packs of Batteries	Number of Batteries
1	8
2	16
3	
4	32
5	

Use addition.

Describe a pattern.

Add _____ batteries for each pack.

Use multiplication.

Describe a pattern.

Multiply the number of packs of batteries by _____.

So, there will be _____ batteries in 5 packs.
