PERPINDAHAN KALOR

Lengkapi bagian ruang yang kosong dalam tabel dengan menjawab apakah gambar tersebut termasuk dalam contoh : Konduksi / Konveksi / Radiasi.

NO.	GAMBAR	JENIS PERPINDAHAN KALOR
1	An illustration of a clothesline with several items of clothing (orange shirt, green jacket, blue pants) hanging on it. The clothesline is set outdoors on a grassy area with flowers. In the background, there is a bright sun in a blue sky with some clouds.	
2	An illustration showing a hand holding a metal rod. The other end of the rod is placed over a small flame from a Bunsen burner. Blue arrows point along the rod, indicating the transfer of heat from the flame to the hand.	
3	An illustration showing two hands held out towards a fire. Red wavy arrows labeled "Radiasi" (Radiation) point from the fire towards the hands.	
4	An illustration of a pot of water boiling on a gas stove. Steam is rising from the pot, and a blue flame is visible under the burner.
