Going to the zoo is one of the most interesting places for children. They usually like looking at animals there. But some children are very unkind to them and throw things at them. Some people don't like zoos. **They** think it is bad to keep animals in cages. Big animals like tigers, lions and elephants are unhappy in cages because they like wide open places. If cages aren't large enough, animals won't be happy. Other people say that zoos are good for animals. They think that animals in cages have good food and if they are ill, doctors give them medicine. Small animals are safe and they don't have to worry about enemies. Riyadh has got a big zoo, Riyadh National Zoo. It is in Malaz neighbourhood and it is always full of children. It was opened for the public in 1987. It has more than 1500 animals from many different countries. Riyadh National Zoo is one of the most exciting places in Riyadh.
