

MASAKA KIDS AFRICANA

DANCE-RISE-SHINE

Dancing brings joy to both those performing it and the people watching. For proof, look no further than the videos produced by **Masaka Kids Africana**, an organization that is dedicated to supporting children in “education and social well being, through their talents.”

MISSION AND HISTORY

There are more orphans in Uganda than anywhere else in the world — over 2.4 million children — due to the AIDS epidemic, extreme poverty, and decades of civil conflict. We're on the ground in Uganda to help as many of these young people as we can. We give children safe shelter, food, clothing, education and medical care. Through us, children gain an education and the life skills they need for future success. Their lives are completely transformed.

Masaka Kids Africana sponsored children have gone through some of the worst experiences a child could face — but through dance and song and sharing their love of Uganda, these children connect to each other and the world. They see their own potential — they have hope for their future.

Name:

Namubiru Nabirah

Age: 7 Years

Name:

Kyambadde Trevor

Age: 8 Years

"I want to be a Teacher.

Nabirah, like the other children, has big dreams of having a bright future. She is currently a Primary 4 pupil and wants to be an accountant!

"I want to be a doctor when I grow up."

Trevor has energy to spare and loves sports of all types, but his best game is football / soccer. Originally from a village called Kayirikiti, Trevor was born in 2010. His father passed away later

FIND IN THE TEXT:
