LISTEN TO THE RECORDING AND FILL IN WITH THE MISSING WORDS

Dentist: I can easily see the cause of your **1** _____ on these X-rays.

Patient: What's the problem?

Dentist: You've got a **2** _____ _____ right at the base of your tooth. It's very badly infected.

Patient: Will you be able to treat it?

Dentist: Yes, of course. I'll need to do a **3** _____ _____.

Patient: That sounds painful. Can't I just take **4** _____?

Dentist: No, I need to get into the **5** _____ _____ in your teeth and remove all the infected tissue.

Patient: Ouch. How will you get to it?

Dentist: I'll make a hole in your tooth. But don't worry, I'll **6** _____ _____

_____ again!

Patient: Will my tooth be the same afterwards?
Dentist: Yes. I won't need to give you a crown. The tooth is still in quite good shape.
Patient: Okay, I suppose I'd better go ahead then.
