

OPERAZIONI INVERSE (+ E -)

 Osserva e completa.

Numero rose:

Numero tulipani:

Fiori totali: + = 10

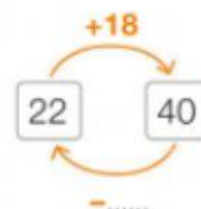

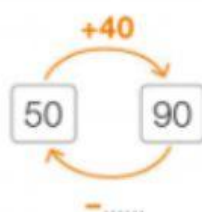

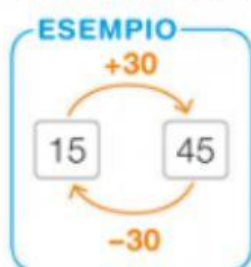

Fiori totali:

Numero rose: 4

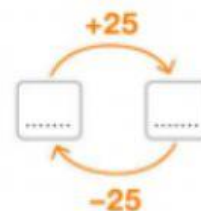

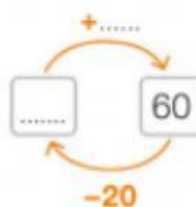

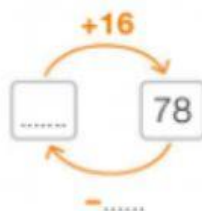

Numero tulipani: - =

- Che cosa noti? Con gli stessi numeri posso risolvere due problemi con due operazioni diverse perché addizione e sono operazioni inverse.

 Osserva e completa.

 Completa.

 Ora inventa tu quattro addizioni e quattro sottrazioni tra loro inverse.

- **Prerequisito didattico:** addizione e sottrazione.
- **Funzione cognitiva:** funzioni esecutive, memoria di lavoro.
- **Obiettivo didattico:** sviluppa automatismi algoritmici.
