

### Activity 5: Venn Diagram

**Direction:** Compare and contrast asexual and sexual reproduction using a Venn Diagram. Choose your answers from the Word Bank.

| WORD BANK            |                       |                         |
|----------------------|-----------------------|-------------------------|
| Two parents          | Produces offspring    | No formation of gametes |
| Genetic variation    | Lower organisms       | Increases population    |
| Formation of gametes | Genetically identical | One parent              |
| Minimum 2 offspring  | Higher organisms      | Minimum 1 offspring     |
