Lila's New Glasses

Lila was a girl who had trouble seeing. She loved to ride her bike, but she couldn't see well enough to know which way to turn. She loved to play soccer, but she could never see when the ball was coming her way! Most of all, Lila loved to go to school... but she always had a very hard time reading the lesson on the blackboard.

One day Lila's mother took her to the eye doctor. The eye doctor looked at Lila's eyes and instantly knew that Lila was going to need a pair of glasses. At first, Lila was very sad that she was going to have to wear glasses. The doctor told her that glasses help people see, and that once she had a pair of her own, she would be able to do all of the things that she loved! Lila decided that maybe it wouldn't be so bad after all.

Once Lila put on her glasses, she could not believe all the amazing things there were to see! She could ride her bike up and down the neighborhood. She could play soccer with her friends... and most exciting of all, Lila could finally read the lesson on the blackboard at school. Lila was so happy to finally be able to see, and wore her pair of glasses every single day.
