

Los divisores

Divisores de 12

[illegible]

The image shows a 10x10 grid with 12 T-shaped figures. Each figure is composed of a vertical stem and a horizontal bar. The numbers 1 and 2 are placed in the top-left and top-middle cells of the stem. The number in the top-right cell of the stem indicates the length of the horizontal bar. The figures are arranged in three rows: the first row has 4 figures with bar lengths 1, 2, 3, and 4; the second row has 4 figures with bar lengths 5, 6, 7, and 8; the third row has 4 figures with bar lengths 9, 10, 11, and 12.
