

Chapter 2 – Digital Citizenship

Homework for Tuesday, November 24th

1) Webquest

Find out some information about the **Silicon Valley**. Here are two websites that can help you:

<https://www.thebalance.com/what-is-silicon-valley-3305808>

<https://www.investopedia.com/terms/s/siliconvalley.asp>

Where is it?

Where does the **name** come from?

What can you find in the Silicon Valley?

Give the name of **at least 5 famous companies** you can find there.

What **type of businesses** are they?

2) Who's Who?

Match the logos with the faces of their founders and/or CEOs*.

Write down the **names** of the people and the companies below.

3) Listening Skills

Watch this video about “the Internet of Things”:

<https://www.bbc.com/news/av/technology-36912701>

Do you have any connected devices at home?

Give examples of connected devices that you know of.

What is the **current*** **problem** mentioned in the video?

What is the **security threat** that we face with these connected objects?

* current (adj) → now, today

* CEO = chief executive officer = the boss
