JUNIORS 2

READING ACTIVITY

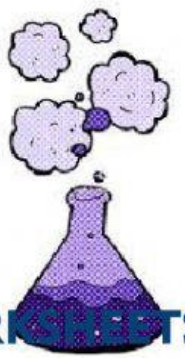

TED: I'm a scientist. I do experiments in a big lab. There's a library next to the lab and I read about new theories there. I love my job because I can do different things. It's really interesting! On Mondays and Wednesdays, I go to work by car with a friend. He is a scientist too and we work together. On Tuesdays and Thursdays I go to the lab by bus. And on Fridays I ride my bike to work. I live in a big town so my lab is quite far from my house.

MATT: I'm a chef. I cook in an Italian restaurant. There's a huge kitchen and it's very new. I like the place! I've got a fantastic job because I can prepare the food that I like. My favorite dish is pizza. I cook lunch and dinner during the week. And on Saturdays and Sundays I also cook breakfast. On Fridays, there are a lot of people in the restaurant and the job isn't very easy. But there's a good thing, I live opposite the restaurant and I can walk to work.
