Captain Jack Sparrow was born to Edward Teague and an unnamed woman on a pirate ship in the middle of a typhoon on June 9th 1692. He was named Jack after his uncle. He grew up in a household full of outlaws at Shipwreck Cove. Jack was determined to follow in his father's footsteps and become a captain of a ship, rather than just some ordinary pirate like most of his relatives. He has served on several pirate ships and visited many countries and ports. His ship is called the Black Pearl. Jack likes rum, treasure and adventure. He does not have a wife and - as far as we know - no sons or daughters either. His seaman's book number is W31415926.

1. We don't know Jack's mother's name
