- 1 This is *mercimek çorbası*. It's my favourite Turkish soup. We have it for lunch with bread but my grandad sometimes has it for breakfast. The main ingredient is lentils but there are some onions and potatoes in it, too. There aren't any tomatoes in it. That's good because I don't like tomatoes!
- 2 These are scones. They're a bit like small cakes. They're delicious. I sometimes help my dad make them. The main ingredients are flour, butter and sugar. There's also an egg. Sometimes we put some raisins in them and sometimes we put some cheese. There isn't any sugar in the cheese ones!
- 3 This is California chicken. It's my favourite dinner. The main ingredient is chicken but there are some onions and peppers in it, too. There is also some honey and some lemon juice. There aren't any carrots in it. I don't like carrots!

I had such a busy weekend. On Saturday morning, I was at a dance class. It was lots of fun, but my friend Jane wasn't there. She was at a sporting event.

In the evening on Saturday, I went to a pop concert. It was my favourite band, *Waterfall*. They were amazing! I went with George and Katy. Katy's dad drove us there in the car. William didn't come because he was away at a festival in Reading.

Then, yesterday, I went to a cookery class. Well, actually it was a birthday party but we had a cookery class before the meal. We all learnt how to make pizza. Then, when they were cooked, we all ate the pizzas. We all tried each other's pizzas, too. Sam's pizza was the best – he put honey and cheese on it! It was delicious.

I had a great birthday last Saturday. In the morning, I went skating with some of my friends. It was quite difficult but I loved it! Then, we went to a restaurant and we ate pizza and ice cream.

After lunch, we went to the cinema and we watched *Space Cats*. It was really funny. Then, we all went to my house. All my family were waiting there! It was such a surprise. My mum brought in a big birthday cake. It was in the shape of Space Cat! I blew out the candles and everyone sang *Happy Birthday*. Then, we all ate some cake. After that, I opened my presents.

Bye bye kids!
