

## **Making Predictions**

1. James was walking towards the chocolate fountain. He was almost to the chocolate fountain when he slipped on a banana peel that fell off of the table. What do you predict happened next?
  - a) James spilled his drink.
  - b) James fell into the chocolate fountain.
  - c) The chocolate fountain did not fall.
  
2. Amanda asked for a bike for Christmas all year long. When she woke up Christmas morning, there was a very, very large box next to the Christmas tree. What do you predict happened?
  - a) Amanda got a boombox for Christmas.
  - b) Amanda did not get what she wanted for Christmas.
  - c) Amanda got a bike for Christmas.
  
3. Mrs. Barry told the class to be quiet while she stepped out, or they would be in trouble. When Mrs. Barry got back to the classroom, all she heard was laughing and shouting. What do you predict happened next?
  - a) Mrs. Barry came in and laughed.
  - b) Mrs. Barry punished the class.
  - c) Mrs. Barry walked away.

4. Clarice dropped her Mom's vase and did not tell her. The vase had a crack on the bottom that leaked. Clarice's Mom went to the sink to fill up the vase with water. What do you predict happened next?

- a) Clarice's mom found out there was a leak in her vase.
- b) Clarice cried.
- c) Clarice's mom did not notice anything wrong with her vase.

5. The baseball game was 1 minute until time up. The Bears were batting, and the bases were loaded. They would win the game against the Lions if the batter made a home run. Their best batter, Marty, was up to bat. He hit the ball and it went soaring. The player in outfield caught the ball...but then he dropped it! What do you think happened next?

- a) The Lions won the game.
- b) The Bears won the game.
- c) The outfield player hurt his hand.

6. Lisa's mom told her that if she was good at daycare, she could get a prize. When Lisa's mom came to pick her up, the daycare sitter said Lisa was on her best behavior. What do you predict happened next?

- a) Lisa went home without a prize.
- b) Lisa's mom told Lisa she might get a prize next time.
- c) Lisa's mom took Lisa to get a prize.

7. Marcy had just finished cooking on the stove when James came in. James did not know Marcy was cooking, and he walked into the kitchen. James leaned onto the stove before Marcy could say, "Don't, its hot!" What do you predict happened?
- a) Marcy got burned by the stove.
  - b) James got burned by the stove.
  - c) The stove was not hot and no one got burned.
8. The janitress was spraying the classroom door with bleach when Mark unexpectedly opened the door. What do you predict happened next?
- a) The janitress jumped backwards and fell.
  - b) The door was stuck.
  - c) Mark got sprayed with bleach.
9. Larry logged onto virtual school. He looked at the battery on his tablet. It was at 1%. He forgot to charge his tablet last night! What do you think happened next?
- a) Larry's tablet died.
  - b) Larry's tablet lasted the whole time he was logged into school.
  - c) Larry went to get breakfast.

10. Brice was holding a plate full of food at the party when suddenly his dog got out of his collar and leash. Brice instantly started running after his dog with the plate of food in his hand. What do you predict happened?
- a) Brice kept all of his food.
  - b) Brice lost food out of his plate while running.
  - c) Brice's dog ate his food.
