

## ÁREAS

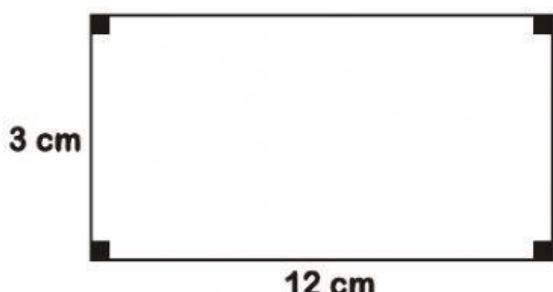

1. Halla el área de las siguientes figuras:

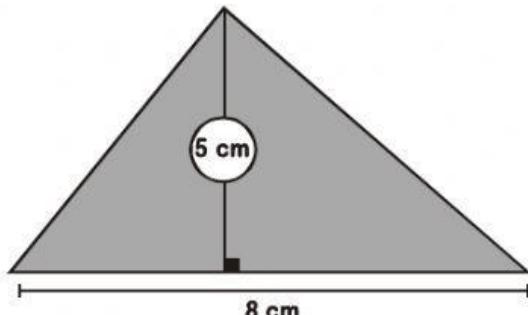

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

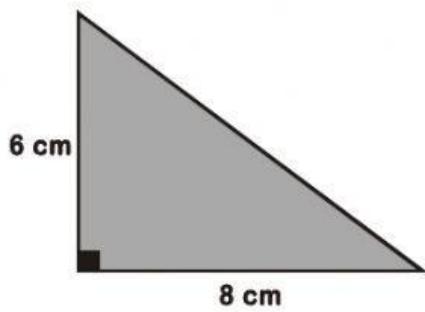

$$A_{\square} = \underline{\hspace{2cm}} \text{ cm}^2$$

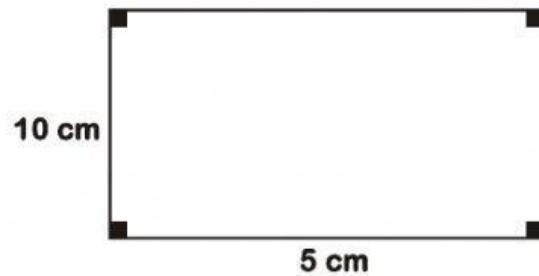

$$A_{\square} = \underline{\hspace{2cm}} \text{ cm}^2$$

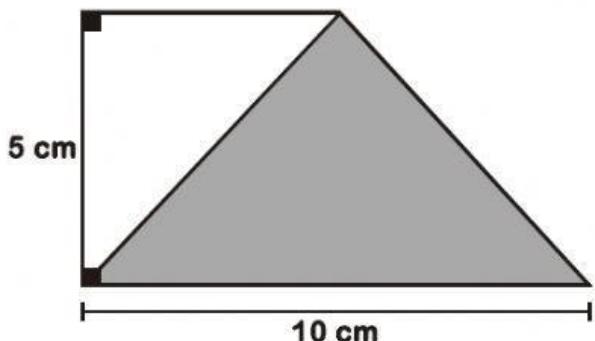

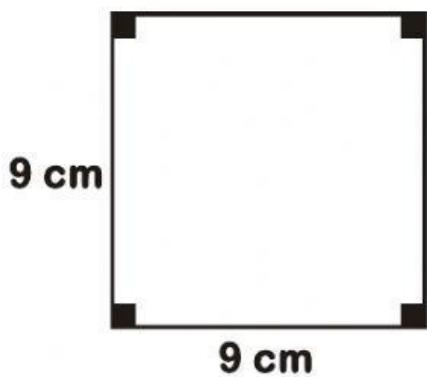

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

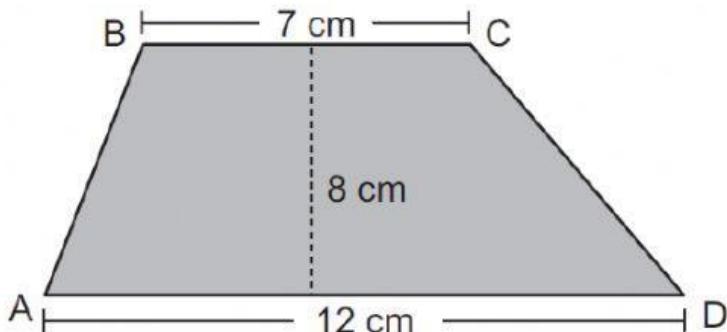

$$A_{\square} = \underline{\hspace{2cm}} \text{ cm}^2$$

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

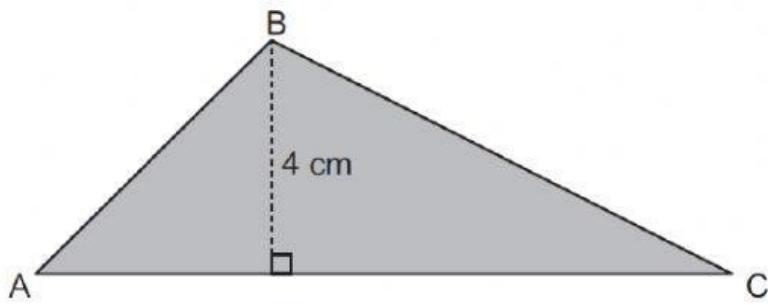

$$A_{\square} = \underline{\hspace{2cm}} \text{ cm}^2$$

2. Calcula el área del trapecio.

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$

3. Halla el área del triángulo ABC. Su base mide el triple de su altura.

$$A = \underline{\hspace{2cm}} \text{ cm}^2$$
