Ages 6 and up. It pulls every heartstring a good movie can make, and does so in a way that's so wonderful, it's hard to believe it's not a Disney movie. (The Last Airbender) Read full review

One of the best animated family movies. Truly wonderful. Loved as a child and watching it now.

My favorite movie. One of the best animated movies of all time, and one of my favorite animated movies in general.

This is a truly underappreciated gem, for many reasons. But the big one is that it's a Disney movie, a genuine Disney movie, and makes it 100% sure that it's a Disney movie. The story is engaging, the animation is superb.
