**DO IT TOGETHER!**

It's 5 p.m. on Wednesday afternoon. Lindsay, Peter, Mandy and Tom are just sitting down to some serious revision before their science test on Friday. (1) \_\_\_ They always study together before tests. Each of them is good at different subjects and can help the others revise better.

The idea came from Mandy who was having quite a lot of trouble with French last year. (2) \_\_\_ Peter agreed to help and soon Mandy made good progress. They both decided it was a good idea and asked Tom and Lindsay to join them to study other subjects together. Tom's really good at IT while Lindsay is the best in their class at science.

Studying in a group wasn't easy at first. (3) \_\_\_ It took them quite a while to work out some discipline during their meetings. Now when they study, they don't waste their time. When they want to have fun, they just go out together.

What do the students themselves think about their idea? 'It worked perfectly for me. (4) \_\_\_ It's much easier in a group', says Lindsay. 'Especially, when the subject isn't one I'm interested in.' The others totally agree with her opinion.
