

Class 5

## Changes of State

**OA 13:** Demostrar, mediante la investigación experimental, los cambios de estado de la materia, como fusión, evaporación, ebullición, condensación, solidificación y sublimación.

1. Write the correct word in each sentences and clasiffy in:

PROGRESSIVE P or REGRESSIVE R changes. 9pts.

**Word bank:** Condensation, gas, Melting, liquid, Sublimation, solid.

a) \_\_\_\_\_ happens when a solid turns into a liquid.

R	P
R	P

b) **Deposition** happens when a \_\_\_\_\_ turns into a solid.

R	P
R	P

c) **Evaporation** happens when a \_\_\_\_\_ turns into a gas.

R	P
R	P

d) **Solidification** happens when a liquid turns into a \_\_\_\_\_.

R	P
R	P

e) \_\_\_\_\_ happens when a solid turns into a gas.

R	P
R	P

f) \_\_\_\_\_ happens when a gas turns into a liquid.

R	P
R	P

2. Complete the diagram. 6pts.
