# MOVE IT!

©R. Rosenblit 2012

Animals move in different ways. Sort the animals into groups based on how they move.

| walk/run                                                                          | hop                                                                               | FLY                                                                                | Swim                                                                                |
