Multiplying Even and Odd Numbers

Multiply the two factors together to get the product. Type in the product and then tell whether the product is even or odd.

(Be sure to spell even and odd correctly!)

Factor		Factor		Product	Even or Odd
5	x	5	=	25	odd
4	x	2	=		
6	x	7	=		
7	x	3	=		
9	x	6	=		
1	x	3	=		
8	x	8	=
