

# Match the jobs to where they work

Helps sick people- dive in deep water – cook – put out fire –  
Teach children – fly planes

| who       | where         | what         |
|-----------|---------------|--------------|
| astronaut | Space station | Fly in space |
|           |               |              |
|           |               |              |
|           |               |              |
|           |               |              |
|           |               |              |
|           |               |              |
|           |               |              |
