What do you do in your free time, Jim?

In my free time I do a lot of things. Sometimes, I stay at home. I listen to my iPod or to the radio and I play computer games. I also go out with my friends. We go to the cinema because we love films, we sometimes just hang around in shopping centers.

I don't watch a lot of TV because TV programmes aren't very good. I don't post photos or comments on Instagram because I don't like it. I prefer to talk to my friends. And I never do exercise at home, it's boring.
