FINAL TEST – SENIORS

STUDENT'S NAME:

1- READING

MONKEYS

Monkeys are interesting animals. They have got hair on their body and they have got a tail. They have a face similar to the human face. They are generally vegetarian so they like fruits and vegetables. They like bananas very much. But they can eat insects, too.

They are intelligent animals. They can use stones and they can peel fruits. Scientists teach them the human language and they can understand it but they can't speak it.

They are social animals. They have got tribes. They live in the rain forest and they sleep on the trees. They work together and they get their food. Sometimes, they work together and they steal their food from humans! They are intelligent, funny and amazing animals. ☺
